Having understood the basic logic of the forms, Organisation / club members will have to identify schools for evaluation of the teachers. Nation Builder Award is for Teachers of **Government / Government Aided / Zilla Parishad / Gram Panchayat / Municipal** or similar schools, teaching from **Class I to Class X**.

#### ➤ **WHAT IS THE EVALUATION PROCESS?**

To undertake the evaluation, process the following steps are necessary:

##### **STEP 1: IDENTIFICATION AND SELECTION OF STUDENTS:**

After the school has been identified and permission is taken from the requisite authorities, it becomes imperative to select the students who will participate in the evaluation. Through random selection Organisation / club will have to:

- Identify 10 participant students for the evaluation. However, the selected students should have a good attendance record.
- Students from class I to class X to be considered for participation in the evaluation.
- Each student should be given one NB 1.2 form. The Organisation / club will have to take a print out of 10 NB 1.2 forms for each school.
- Then interact with the selected students, ask them relevant questions and
- Note down the marks awarded by each student in the relevant boxes provided in the NB 1.2 form, if the student has difficulty in filling up the form.

- Sum up the marks given to each teacher against the various attributes and arrive at the **TOTAL** figure for each teacher.
- It is very important that the identity of the student remains anonymous. Hence interactions with the students should be on one to one basis. Group discussions are not encouraged.

#### STEP 2:

- The Principal / Head Teacher will fill up Form No. NB 2.2.
- Then the Organisation / Club member will have to add up the marks given by the Principal / Head Teacher to each teacher in Form No. NB 2.2 and arrive at **TOTAL B**.
- **This TOTAL B will have to be carried forward to Form No. NB 3.2 which has to be filled online.**

#### STEP 3:

A member of the participating organization / club will now have to fill up Form No. NB 3.2 online.

- The total marks given by each student to all participating teachers (more or less) will have to be carried forward to the compilation sheet.
- All the figures for a given teacher will have to be summed up and arrive at **TOTAL A**.
- **AVERAGE A** will have to be calculated by dividing TOTAL A with the number of students for each teacher. This step is required because not all students will be taught by all teachers.
- **Average A and Total B** will have to be summed up to arrive at the **final marks of a Teacher**. The one with the maximum marks will be selected for the “Nation Builder Award”.
- The principal should sign this form and the signature of the organisations / club members should also be there.
- The appropriate time of distributing Nation Builder Award certificate is on 5<sup>th</sup> September, Teachers’ Day. **However, organisations / club members can evaluate teachers and distribute Nation Builder Award certificates at any time of the year.**
